

FAASTeam presents:

NW Mountain Virtual Aviation Safety Week - March 24 2021 - Day 2 - Session 1

WINGS is general aviation's pilot proficiency program. By increasing pilots using WINGS it will help decrease fatal general aviation accidents. Pilots using WINGS are more proficient pilots which helps to make them safer pilots. Attending this presentation on WINGS will help you be confident to begin using WINGS, share your experience with WINGS with fellow pilots, and help fellow pilots use WINGS.

Directions: This Virtual Aviation Safety Event will be hosted using the Goto Webinar platform.

Goto Webinar registration link:

<https://register.gotowebinar.com/register/7521383425895912203>

Once registered, you will receive an email confirmation from the Goto Webinar system platform with joining the webinar information for each topic you have registered. Thank you for your participation.

To register for Wings Credit please click on the registration information link below.

A message from the National FAASafety Manager

Earn your WINGS to get a chance to win a cash prize. Go to
